Vacation Safety Tips

On the Road

- Become familiar with your travel route before you start. Get a map and study it.
- Make sure your rental car is in good operating condition. Learn how to operate all windows, door locks, and other equipment before you leave the lot.
- Keep your maps and rental agreement concealed, not lying on the seat or the dashboard.
- Keep car doors locked while you are driving. Store luggage in the truck.
- Park in well-lighted areas only, close to building entrances and walkways. Have car keys ready when approaching your car. Check the back seat and floors before you get in.
- If you are bumped by another car, think before you get out. If you are in doubt or uncomfortable, signal the other driver to follow you to a nearby police station or a busy, well-lighted area where it's safe to get out.

At the Hotel

- Insist that hotel personnel write down your assigned room number so others can't see or hear it.
- Never leave luggage unattended.
Keep all hotel doors and windows locked, and use all door locks.
Learn the location of fire exits, elevators, and public phones in case of emergency.
- Make sure your room has an indoor viewer and a dead bolt lock.
 - Keep valuables-jewelry, cash, etc. in the hotel safe. Better still; leave jewelry in a safe at home.
 - Ask hotel staff about the safety of the neighborhood and what areas to avoid.
 - Before taking a cab, ask the staff about directions and estimated costs.
 - Always verify who's at your door. Don't open the door to someone you don't know. If an unexpected visitor claims to be a hotel employee, call the front desk to make sure.
 - Don't display room keys in public or leave them on the restaurant tables, at the swimming pool, or in other places where they can easily be stolen.
 - If you lose the plastic key card to your room, insist on a new-keyed card.
